ChatGPT Connector

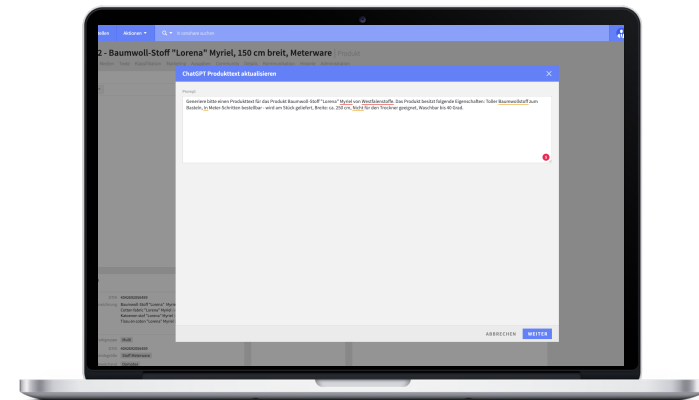

**Let us introduce: Your personal ChatGPT assistant. Directly in censhare.
Available at any time.**

You urgently need more time for the really important tasks?

The ChatGPT Connector reliably relieves you of time-consuming tasks and annoying searches directly in the censhare interface. Take advantage of artificial intelligence without any programming knowledge:

- Whether 50 or 500,000 articles, ChatGPT writes SEO-Optimized texts for you based on minimal technical product specifications
- Meeting notes or briefing bullet points are effortlessly summarized or transformed into professional texts
- Inspiring idea collections free up time to create high-quality editorial articles
- Complex texts are summarized to the point and tagged professionally

Benefit today from the entry of artificial intelligence into your everyday work.
We will be happy to give you free guidance!

We are looking forward to your inquiry: sales@savotex.com
