Akeneo Connector

Synchronize your Akeneo data quickly and securely with our Install & Sync Connector for censhare.

Complicated, time-consuming or inconsistent transfers of data from Akeneo are a problem of the past.

With our Akeneo Connector, you will synchronize data to censhare in no time at all - regardless of whether a one-off or regular synchronization is required.

The interface is designed for high performance, so it makes no difference whether you want to transfer 100 or 100,000 data records.

Reduce manual transfer errors with our tried-and-tested connector and enjoy the benefits of censhare from day one.

Benefits

- Proven and high-performance interface for scalable synchronization of data from Akeneo to censhare

- Trouble-free and seamless data transfer without manual effort

- Time and cost savings compared to individual interface development

- Initial import as well as recurring data transfer possible
